2023-2024

Bringing Prosperity to  
Our Community

**Some community issues are too massive  
for any non-profit to solve and yet too  
important for community leaders to ignore.**

- Forough B. Hosseini, Founder & Chair

## VISION

**Creating a community in which  
hard-working people can prosper.**

## MISSION

**Foster community organizations that  
proactively work to eradicate the causes  
of generational poverty.**

**PROSPERITY**

**FBH Community provides pathways to prosperity  
for people living in our own community.**

## Message From Our Chair

**FBH Community** had another momentous year taking care of our community's children and families. A generous grant from Mr. L. Gale Lemerand helped us start the Lemerand Center of Excellence (LCE) program at Daytona State College partnering with DSC and Volusia County Schools. Students from Palm Terrace and Turie T. Small arrived at DSC's campus every school day to receive reading and math tutoring to help increase their ability to read and do math at grade level.

**Food Brings Hope's** after-school programs were held at 10 schools, hosting hundreds of students, with emphasis on academics, while we also provided the needed basics for the entire family. Students attended ERAU basketball, a favorite annual field trip, learned about various jobs at a field trip to Mosaic from ICI employees and vendors, enjoyed attending Tortuga's game and many other activities.

**FBH Prosperity** initiative continues to work with our amazing partners to impact and improve the lives of many families. I am forever grateful to AdventHealth, BCU, DCF, DSC, ERAU, Florida Blue, Florida Department of Health, Halifax Health, SMA Healthcare and Volusia County Schools for partnering with us. Through a generous grant from Florida Blue, with the mission of reducing diabetes and obesity, we partnered with Halifax Health and AdventHealth to educate enrolled families on how to lead healthier lives, hosting healthy cooking classes and providing food boxes with fresh fruits and vegetables.

**Food Brings Hope** also hosted Change the Code program to help students in the 32114 zip-code increase their FAST scores to grade level or better. While the students from the two elementary schools were included in the LCE program, in school programs were hosted at Campbell Middle and Mainland High Schools. Campbell CtC students had 8% higher passage rate than the school's average in ELA and 15% higher in math. At Mainland, 127 seniors enrolled in CtC tutoring and 127 graduated, a 100% success rate.

**Homes Brings Hope (HBH)** has been hard at work building more affordable homes for our community's workforce. City of Daytona Beach donated more lots to HBH and we also acquired additional land with the \$1.5 million received from the Florida Legislature last year (thanks to the hard work of Chairman Tom Leek, Bill sponsors Rep. Chase Tramont and Senator Travis Hudson). FBH Community's board still considers affordable housing as one of the most important challenges for our community as our workforce continues to deal with rising rent and limited availability. HBH's challenge is being able to find enough buildable land in 32114. We hope to be able to welcome ten families to their new homes in 2024.

Our **VCan** team had the busiest year yet, receiving more calls this past year due to the rising rent and food costs.

We are able to step up quickly and effectively due to our dedicated, hardworking and passionate team members who work hard every day to address community issues. The continued generosity of our donors and grantors has enabled FBH Community to continue and expand our services every year. We are grateful to our tireless volunteers, our visionary Board Members, Homes Bring Hope Advisory Committee Members, VCan Ambassadors and our amazing partners whose dedication, time and effort has made FBH Community a very impactful organization.

Thank you for empowering FBH Community to help our community.

With Gratitude,

Food Brings Hope offers collaborative solutions for families with children experiencing hunger due to homelessness, poverty, or a lack of knowledge about community resources. The organization provides academic enrichment, tutoring, and experiential field trips at local schools in Volusia and Flagler counties. Food Brings Hope programs include KidsZone, TeenZone, FBHonors, Change The Code and Lemerand Center of Excellence.

*"I had so much fun at the Orlando Science Center! My favorite parts about the trip were the arcade, the movie theater, and the Kaboom show." - Marcus Ellis, 3rd grade Westside Elementary*

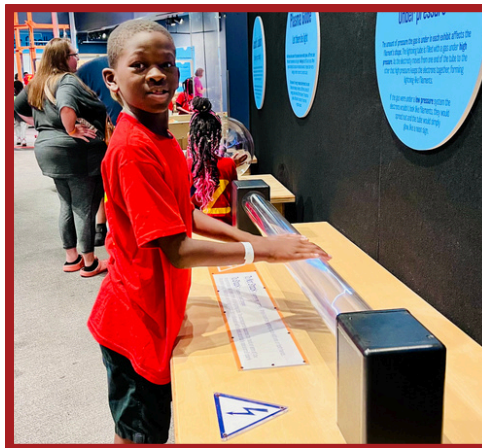

## VISION

**Create a community where underprivileged school children discover their full potential.**

## MISSION

**Nurturing the body, mind, and spirit of underprivileged children in our community.**

## Westside Elementary KidZone at Orlando Science Center

Established in 2008, the KidsZone program at Westside Elementary School accommodated 96 students this academic year. These students were rewarded for their dedication to academic tutoring with an enriching field trip.

## FOOD BRINGS HOPE

Under the leadership of Assistant Principal Efrain Alejandro and Coach Kevin Welty, students in Deland Middle School's TeenZone program received academic support, mentorship, and leadership training. This year, they had the opportunity to attend a presentation by Volusia County Sheriff Mike Chitwood, which was followed by a question and answer session.

## MAINLAND CAREER AND INDUSTRY DAY

30 juniors and seniors at Mainland High School engaged in a Career and Industry Day. They attended a career workshop and heard from industry experts in HVAC, Electrical, Insulation, Interior Design, and Building and Architecture. The event aimed to inspire students to explore career opportunities in these fields following a successful Tour of Homes.

Our industry panel to assist with the event includes Lenny Sanclemente, Janna Pettigrew, Jeff Windholz, Rick Mabry-Koontz, Jason Tourville, Dr. Deborah Kirkland, Dr. Lewis, and Principal Dr. Castelli.

## A 32114 Community Initiative

In 2020, the Florida Chamber of Commerce unveiled the Florida 2030 Blueprint to prepare for the continual economic growth of expanding communities and businesses. This initiative focuses on improving educational and workforce opportunities, especially in the most economically challenged areas within the state. One specific area highlighted was the 32114-zip code in Daytona Beach. Since 2007, FBH Community has been actively involved in advancing education, food security, and housing stability in this region. In line with the Blueprint, the Change the Code program was initiated to provide academic support and enrichment to students attending the four schools located in 32114. Supported by Daytona Beach Mayor Derrick Henry, Mainland High School's program aids seniors in meeting graduation requirements and earning their high school diplomas. Campbell Middle School hosts the Change the Code tutoring program on their campus four mornings a week. The Lemerand Center of Excellence at Daytona State College offers tutoring to students from Palm Terrace Elementary and Turie T. Small Elementary five days a week.

## FLORIDA CHAMBER *of Commerce*

*The Florida 2030 Blueprint  
Initial Recommendations for  
Improving the Talent Pipeline for  
a Better Workforce*

- **95% of entering high school students graduate within 4 years.**
- **100% of Florida 8th graders read and perform at or above grade level.**
- **100% of Florida 3rd graders read at or above grade level.**

The Lemerand Center of Excellence hosted a prestigious ribbon-cutting event attended by prominent figures from the FBH Community, Volusia County Schools, local government officials, and the esteemed Mr. L. Gale Lemerand. Mr. Lemerand emphasized his commitment to education and joined in the unveiling of the an innovative program designed for students and families.

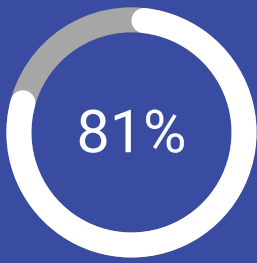

## CAMPBELL MIDDLE SCHOOL

The Change the Code (CTC) program at Campbell Middle School, supported through a grant offered before-school tutoring in ELA and Mathematics overseen by Principal Kimberly Matthews and Curriculum Consultant Mrs. Theresa Kent for 6th to 8th-grade students. Students were motivated with incentives for attendance and academic progress and received books and STEM kits for home learning. The students were rewarded with a field trip to the Orlando Science Center for hands-on science exploration at the end of the year.

*Student, Danny Sullivan, with tutor Mr. Michael Kanaby and Mrs. Theresa Kent.*

of the students demonstrated academic growth in ELA from progress monitoring 1 to progress monitoring 3.

of the students demonstrated academic growth in Math from progress monitoring 1 to progress monitoring 3.

## MAINLAND HIGH SCHOOL

The Change the Code initiative at Mainland High School led by Principal Dr. Joseph Castelli, supported by Daytona Beach Mayor Derrick Henry, helped 156 students meet graduation requirements through tutoring programs. Clarence McCloud IV, a football player, overcame challenges to earn his diploma and a scholarship to Warner University for Business Administration. He advises future seniors to persevere through challenges.

Established in 2023, the Lemerand Center of Excellence (LCE) is a unique partnership between FBH Community, Volusia County Schools, and Daytona State College to offer innovative tutoring and enrichment programs for elementary students. LCE provides tutoring in reading, math, and science to students in grades 3rd-5th from Palm Terrace and Turie T. Small Elementary Schools. The program includes transportation, meals, and features hands-on learning, STEM lessons, and exciting robotics competitions. Additionally, LCE offers family members a chance to explore the College's resources and sign up for courses, along with hosting monthly Family Nights.

**83%**

of the students demonstrated academic growth in ELA from progress monitoring 1 to progress monitoring 3.

**100%**

of the students demonstrated academic growth in Math from progress monitoring 1 to progress monitoring 3.

**90%**

of the 5th grade students demonstrated proficiency on the Next Generation Sunshine State Standards for Science.

## Speediatrics Fun Day Festival

The NASCAR Foundation sponsored 100 Food Brings Hope students for a Speediatrics Week. Students received health-focused curriculum, swag bags, and a day with Kaulig Racing team. Food Brings Hope received a \$15,000 donation to support youth empowerment, and each student received a new bicycle and helmet.

## Daytona Beach Navy Week

Daytona Beach was chosen to host Navy Week this year through efforts of AdventHealth. During the event, Naval personnel took part in FBH Community activities such as a food distribution and a presentation at the Lemerand Center of Excellence. The officers interacted with students, answering questions, and discussing their military experiences.

Launched in 2019, VCan was established to offer temporary food and shelter assistance to youth under 25, and families with children in Volusia County. Here's how VCan operates:

- Locals can contact the helpline at 386.999.1888 for immediate aid.
- The VCan team customizes food deliveries to suit each client's requirements. For example, families residing in hotel rooms receive hotel-friendly food.
- Through collaboration with community partners, VCan offers referrals to resources like the Department of Children and Families HOPE Navigator, Ms. Renee Richardson, who expedites assistance for families in applying for benefits such as SNAP and Medicaid.
- This year, VCan extended its services to include "Drop the Box" at select FBH schools, "Community Health Nights" hosted at Campbell Middle School and "Client-Choice Pantry" held at the Greater New Zion Church.

*HOPE Navigator, Renee Richardson, received recognition as a Community Champion at a Daytona Tortugas Game.*

VCAN operates 24/7 and relies on dedicated volunteers to support its mission.

## VISION

**Create a community where children and youth are empowered to reach their full potential.**

## MISSION

**Eradicate hunger and homelessness among children and youth in Volusia County.**

Mamie Oatis and Carolyn Horn

Drop The Box families

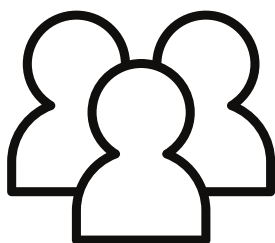

Spruce Creek High School volunteers

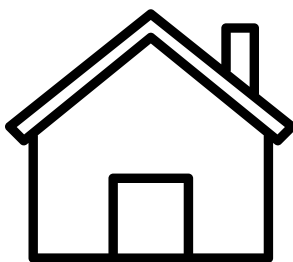

We had the privilege of assisting Catherine Williams, a single mother who faced significant hardships following the hurricanes of fall 2022. The Williams family struggled through a challenging period, moving between four different hotels from September 2022 to February 2023, often confined to a single room. Catherine's financial strain from temporary housing and caring for her daughters led her to seek help from our VCan helpline for food assistance. Upon learning about her situation, VCan stepped in to provide not only food but also essential items like furniture, household goods, and clothing to help the family rebuild. Additionally, Catherine was matched with a VCan volunteer mentor who guided her in accessing local resources aimed at advancing her career and improving job prospects.

**7,802 individuals served**

**2,647 households served**

**92,000 pounds of food distributed**

Through the support of the Volusia-Flagler Counties Coalition for the Homeless (VFCCH), VCan received the Basic Needs Services grant from the Volusia County Children and Families Advisory Board (CFAB). These funds enabled us to offer emergency hotel assistance to 35 homeless families in Volusia County this past year.

# PROSPERITY

## FBH Prosperity Paving the Way to Homes Bring Hope with help from HOPE FLORIDA

FBH Prosperity was established in 2021 through a collaboration with the Department of Children and Families' "HOPE FLORIDA – A Pathway to Prosperity" initiative, pioneered by First Lady Casey DeSantis. Prosperity collaborates with organizations based in 32114, such as Halifax Health, AdventHealth, Volusia County School District, and the local colleges/universities. Clients, who are employees of our partner organizations, receive tailored assistance to address their specific needs, including credit restoration, financial education, and resources for career progression. Our main goal is to guide our clients towards sustainable homeownership through our Homes Bring Hope program.

### VISION

Equip every resident with the necessary knowledge and skills, empowering them to overcome barriers, and build self-sufficiency to become homeowners.

### MISSION

Foster economic growth for families by enhancing education, workforce development, employment, health, and homeownership.

We would like to extend our gratitude to our partners Karen Jacobs, Senior VP Market Manager at **Bank of America** and Roseann Dinda, Director of Career Development with **Keller Williams Realty** for delivering an impactful presentation.

In line with the FL Chamber's 2030 Blueprint for economic growth, FBH Prosperity is dedicated to aiding the state in achieving its goal of reducing poverty by 10% in the 32114-zip code. Financial stability is crucial for owning a home. To assist our clients, we organize regular financial education workshops in collaboration with local financial institutions like Bank of America, Regions and Synovus. These seminars cover a range of topics, aiming to equip clients with valuable knowledge and practical resources to help them overcome financial hurdles and achieve financial independence.

“Both financial workshops I attended were very interesting & informative. Mrs. Roseann Dinda, Director of Career Development, Productivity Coach and Realtor was AWESOME!! She pretty much gave us the blueprint. I liked how she didn't sugarcoat anything and didn't take any excuses. It's like she believed in me more than I did/do myself. The ladies from Bank of America were equally informative. Their life experiences and knowledge make it seem so simple if you do exactly what they tell you. It took a couple of days, but I actually did my budget by the bank statements as Mrs. Roseann instructed us to do. I cut out some on my "reds." Still not making weekly trips to Walgreens and the Dollar Stores.

—”  
-Rashanda White

# FINANCIAL ACCOUNTABILITY WORKSHOP

When asked, most individuals aspire to lead sustainable, credible, and secure lives within a society that promotes well-being and safeguards fundamental liberties. Prosperity, however, transcends mere wealth; it embodies the concept of enabling every individual to thrive. This is the overarching objective of FBH Community's Prosperity program

The commitment to empowering individuals with the knowledge and tools for homeownership was advanced through Prosperity's Financial Accountability Workshop. Held at Bank of America in Daytona Beach and led by Jermaine Fuller, Director of Prosperity at FBH Community, the workshop gathered ten Prosperity clients and facilitator Roseann Dinda, a Career Development & Productivity Coach. The session focused on crafting personal business plans, developing a positive money mindset, and establishing accountability partnerships. Each participant left with a designated accountability partner from the program, marking a significant step toward achieving their financial goals. The event was a successful blend of insightful discussions, interactive activities, and personal development.

“Donald Stokes and his son, Ronald, initially engaged with FBH Community through the Lemerand Center of Excellence. Their introduction to the Prosperity Program occurred during a Family Night event at Daytona State College, where Donald learned about the initiative. Donald is employed with Sodexo at Bethune-Cookman University, a valued Prosperity Partner of ours. Reflecting on their experience, Donald expressed, "LCE has provided us with a fantastic community that feels like family. I am sincerely grateful for the support I have received through the Prosperity Program. Our goal is to own a home and lead lives filled with blessings and joy. Thank you!"

Established in 2021, Homes Bring Hope has supported nineteen individuals and families in realizing the 'American Dream' of owning a home. The program guides participants through each stage of the home-buying process. Many individuals start in the Prosperity Program and then move to Homes Bring Hope to fulfill their dream of homeownership. We currently have six houses under construction for clients who are ready for home ownership.

## VISION

**To empower the community through opportunities for homeownership for hard-working families.**

## MISSION

**To lead the facilitation of homeownership opportunities for hard-working families.**

## HOMEOWNER SPOTLIGHT

*"I am so grateful for Homes Bring Hope! They made my dream of becoming a homeowner come true. The team is so attentive and hardworking. With today's economy I didn't think owning a home now would be possible. I am so thankful to have worked with such a great organization in the community. I spread the word daily about all the good being done in the community. I love my new home."*

*-Ms. Brittany Barhoo*

## Strong Partnerships Ensure FBH Community's Success

The success of Homes Bring Hope is attributed to establishing strategic partnerships and consistently improving these collaborations as the homebuilding industry progresses. These partnerships grant access to essential resources like financial literacy, first-time homebuyer education, down payment assistance, and closing cost support. By working closely with the City of Daytona Beach, County of Volusia, and various vendors, Homes Bring Hope secures generous donations and discounts, which are then passed on to our families, significantly reducing their home-buying expenses. Through valuable in-kind donations ranging from \$40,000 to \$50,000 for new projects and \$5,000 to \$15,000 for renovated homes, our partners play a crucial role in helping us realize the dream of homeownership for those hardworking families in our community.

# \$681,500

## Wildwood Street Construction

Michael Sallese, the Building Superintendent at Homes Bring Hope, started the permitting process and construction of six houses on Wildwood Street in Daytona Beach during the spring season. These parcels were generously donated by PBH Investments. The development consists of four houses with 3 bedrooms/2 bathrooms and two houses with 4 bedrooms/2 bathrooms suitable for larger families. To prevent flooding risks, the houses are constructed on stem-walls. These new constructions feature granite or quartz countertops, tiled backsplashes, tile flooring, and adhere to Energy Star and Florida Green Building Coalition standards. New homeowners also receive standard home appliances and a 2-10 national warranty upon purchase.

### Homeownership Rate by Race

**The HOPE I Model is a 3 bed/2 bath**

**The HOPE III Model is a 4 bed/2 bath**

We extend our heartfelt gratitude to ICI Homes, Mosaic Community, Redemption Church, and all the dedicated volunteers whose collective efforts contributed to the success of the Tour of Homes event. Nearly 100 Volusia County students joined the Tour of Homes, an event hosted by ICI Homes. Students explored homes at different construction stages in the Mosaic Community and learned about careers in building, real estate, and interior design.

We extend special thanks to Drew Maider, owner of Jersey Mike's, and their team for choosing Food Brings Hope for their Month of Giving in March. Together, they raised \$45,000 to benefit the youth in our school programs. *Pictured:* Destiney Walker, Manager of Jersey Mike's on International Speedway, and Dave Humphries, Executive Director of Food Brings Hope, were prominently featured in this initiative.

AdventHealth leaders, including CEO David Weis, Senior Manager Ida Babazadeh, Director of Performance Excellence Lisa Kelley, Director of Neuroscience Wendy Weisheimer, and Senior Director of FBH Community Mamie Oatis, express their support for the Love Thy Neighbor project.

*"We are grateful to Embry Riddle for hosting the Lemerand Center of Excellence. What an incredible experience and one our students soon won't forget."*  
*- Mary Cortez, Special Projects Director*

## Hope and High Rollers Casino Night

A heartfelt gratitude goes to the ICI Homes Mosaic Community for organizing an impactful and fun fundraiser. Caroline Cline, the Member Relations & Marketing Coordinator, played a crucial role in making the event successful, dedicating numerous hours to its success. Special thanks to our sponsors, including Sodexo, Daytona Beverages, ICI Homes, and The Mortgage Firm.

Forough B. Hosseini and Dr. Tom LoBasso were recognized by the Volusia County School Board for their partnership in establishing the Lemerand Center of Excellence.

## DAYTONA BEACH BEAUTIFICATION PROJECT

The FBH Community received a grant from Commissioner May to spearhead a Beautification Project in Daytona Beach. The City's Staff chose eighty homeowners who had applied to receive personalized landscaping and post-storm cleanup services. Guided by Homes Bring Hope's Building Superintendent, Michael Sallese, our team of employees and volunteers offered plants, mulch, and minor sprinkler repairs. This endeavor enabled us to engage with residents throughout the city.

### Before

### After

## WITH OUR HEARTFELT THANKS

Many people, organizations, and companies have contributed to achieving the mission of FBH Community. We are thankful for their unwavering support.

# THE POWER OF PARTNERSHIPS

Partnerships play a vital role in advancing our mission. We deeply appreciate your support in helping us achieve significant milestones.

## FBH COMMUNITY PARTNERS AND FUNDERS

## HOW YOU CAN MAKE A DIFFERENCE TODAY

The FBH Community greatly appreciates and accepts all contributions. 100% of all donations directly benefits the programs that support children and families in our community.

You have the opportunity to make a tax-deductible donation of any amount directly to FBH Community, whether through cash, credit cards, or a check payable to FBH Community.

## PARTNERS AND VOLUNTEERS

The FBH Community relies heavily on the support and assistance of our committed community leaders, business partners, and volunteers to effectively serve our community at a high level. Every year, we aim to express our appreciation by acknowledging their outstanding commitment and hard work. Their generous contributions of time, funding, and resources significantly impact the lives of children and families within our community. We are deeply grateful for their invaluable support. Thank you!
